It's not a Case. It's not a Skin. It's a *Shade*.

## Thank You for your Purchase!

### Applying Your Case

1. Clean your iPad thoroughly with a damp cloth to remove all dirt and dust on and around the iPad.
  2. Gently slide your iPad through the bottom opening of the case until it fits snugly. Do NOT force the Shades case. If it does not slide on easily, please make sure you ordered the correct case.
- Your *Shades* product was designed to last. You can apply and remove the case as often as you like.

### Recycling & The Environment

- ShadesCases Inc. took careful consideration and time into making sure its products and packaging were recyclable. For this reason we felt that it was not necessary to have very big complicated packaging that most people throw away. **This is why there is minimal packaging!**
- Colorful, elaborate packaging always gets thrown away, so when the time comes please recycle everything or think of ways to re-use your packaging.

### Removing Your Case

1. First insert a piece of paper between the front of the iPad and the case.
  2. Turn The iPad upside down and while holding the sides of the iPad push down on the bottom of a hard surface such as your knee, and side the case off.
  3. Once the iPad is partially exposed, pull on the iPad or squeeze the case until it is completely removed.
- A help video can also be viewed on our website.

### Help

- Sometimes the plastic sticks to the screen. Insert a sheet of paper between the front of the iPad and the case to eliminate any air bubbles. The sticking will fade with normal use.
- If you are having trouble removing your *Shades* product, would like to download this booklet or have any other questions, please watch our help videos at:

### Limited Warranty

ShadesCases Inc. warrants to the original purchaser that the product will be free from defects in materials and/or workmanship for the period of 1 year from the date of purchase. Your original invoice and/or email order confirmation is your proof of the date of purchase. This proof of purchase is required for any warranty issues. This warranty shall not apply, if the product has been damaged by abuse, misuse, negligence, accident, modification, tampering or by any other causes unrelated to defective materials and/or workmanship including acts of god. ShadesCases's warranty only covers product(s) made by ShadesCases and does not cover third party product(s) sold by other companies. ShadesCases acknowledges that with normal use of products made by ShadesCases, the purchased product(s) will provide satisfactory performance as specified by product performance literature. This warranty gives you the specific legal rights, and you may also have other legal rights, which vary from state to state, province to province, valid in the United States and Canada. Any shipping or other cost such as customs incurred costs, etc. from outside North America is the customer's responsibility.

### Note to User:

ShadesCases Inc. shall not be responsible for any damage including consequential damage caused by defective goods, personal injuries, property damage or consequential economic loss. ShadesCases Inc. shall not be responsible for any damage, loss of data, service, or otherwise caused to the iPod or iPhone when used with this product

### Care

- We recommend regular cleaning of your iPad and your Shades product, preventing dust and other matter from building up between the Shades case and the iPad. Hard pieces of dirt trapped inside the case may scratch your iPad.
-  To clean, remove the Shade from your iPad. Wipe the case inside and out with a damp non-abrasive cloth or paper towel or wash under warm water. Shades are durable and clean up nicely. When you are done your case should look like new.

### Feedback

- We would love to hear any comments, suggestions, or reviews you might have concerning our product(s), which will help us in the future development of *Shades* products. Please send your feedback to: [reviews@shadescases.com](mailto:reviews@shadescases.com)
