Limited Warranty

ShadesCases Inc. warrants to the original purchaser that the product will be free from defects in materials and/or workmanship for the period of 1 year from the date of purchase. Your original invoice and/or email order confirmation is your proof of the date of purchase. This proof of purchase is required for any warranty issues.

This warranty shall not apply, if the product has been damaged by abuse, misuse, negligence, accident, modification, tampering or by any other causes unrelated to defective materials and/or workmanship including acts of god. ShadesCases's warranty only covers product(s) made by ShadesCases and does not cover third party product(s) sold by other companies. ShadesCases acknowledges that with normal use of products made by ShadesCases, the purchased product(s) will provide satisfactory performance as specified by product performance literature.

This warranty gives you the specific legal rights, and you may also have other legal rights, which vary from state to state, province to province, valid in the United States and Canada. Any shipping or other cost such as customs incurred costs, etc. from outside North America is the customer's responsibility.

Note to User:

ShadesCases Inc. shall not be responsible for any damage including consequential damage caused by defective goods, personal injuries, property damage or consequential economic loss. ShadesCases Inc. shall not be responsible for any damage, loss of data, service, or otherwise caused to the iPod or iPhone when used with this product

It's not a Case. It's not a Skin. It's a Shade.

Thank You for your Purchase!

Applying Your Case

1. Clean your iPod thoroughly with a damp cloth to remove all dirt and dust on and around the iPod.
 2. Gently slide your iPod through the bottom opening of the case until it fits snugly. Do not force the *Shades* case. If it does not slide on easily, please make sure you ordered the correct case.
- Your *Shades* product was designed to last. You can apply and remove the case as often as you like.

Removing Your Case

- Hold your iPod upside down in your palm. While squeezing the sides of your *Shades* product, push on the top of your case with your thumb. Once the iPod is partially exposed, pull on the iPod or squeeze the case until completely removed.

Care

- We recommend regular cleaning of your iPod and your *Shades* product, preventing dust and other matter from building up between the *Shades case* and the iPod. Hard pieces of dirt trapped inside the case may scratch your iPod.
-  To clean, remove the *Shade* from your iPod. Wipe the case inside and out with a damp non-abrasive cloth or paper towel. *Shades* are durable and clean up nicely. When you are done your case should look like new.

Recycling & The Environment

- ShadesCases Inc. took careful consideration and time into making sure its products and entire packaging were recyclable and as environmental friendly as possible.
- For this reason we felt that it was not necessary to have very big complicated packaging that most people throw away. **This is why your *Shades* product was displayed in the retail holder and why there is no box!**
- Colorful, elaborate packaging always gets thrown away, so when the time comes please recycle everything or think of ways to re-use your packaging, such as using the mailer to ship something else.

Help

- Sometimes the plastic sticks to the screen. Squeeze the sides of the case together or reapply the case to eliminate any air bubbles. The sticking will fade with normal use.
- If you are having trouble removing your *Shades* product or have any other questions, please visit our website at:
